H. M. Moss, American Tobacco  
Company's Buyer Petitioned to  
Return to Springfield to  
Do Business

Springfield News-Leader.

A petition signed by nearly every business  
man in Springfield as well as a large number  
from out in the county has been presented to  
Mr. H. M. Moss the buyer for the American  
Tobacco Co., who recently transferred opera-  
tions from Springfield to Lebanon. The peti-  
tion urges Mr. Moss to use his influence to in-  
duce his company to send him back to Spring-  
field to resume buying tobacco.

Although Mr. Moss promised to take the  
matter up with his company it is not thought  
likely that anything can be accomplished this

season. The American Tobacco Co. was re-  
luctant to withdraw from this county but cir-  
cumstances became such as to force it to make  
the move. Now that they are out it is not  
probable that they will be induced to return in  
a hurry. The company is doing a big business  
at Lebanon and has crops booked ahead to be  
received as late as April.

The funeral of the late Robert Ficklin was  
largely attended yesterday afternoon, his num-

respect for him. Mr. Ficklin was a staunch  
friend of the colored people and many a tear-  
dimmed eye was in the assemblage which saw  
his remains laid to rest in the narrow house of  
death in the Maysville Cemetery. The pall-  
bearers were H. L. Newell, Thomas R. Phister,  
E. P. Crowning, Thomas A. and George C.  
Keith.

Cartmell extracts teeth without pain

The Sun says last Sunday afternoon Judge  
A. H. Parker of Vanceburg went out to his

itself with a spring lock and kept the Judge a  
prisoner for over half an hour before his wife  
heard him pounding on the door.

**BUSINESS STAGNATION**

Causes Reduction in Working Force  
in Many Local Concerns

Owing to the unsettled and depressed con-  
dition of business throughout the country, E.  
A. Robinson & Co., proprietors of the Lime-  
stone Cigar Factory in this city, one of the  
largest concerns of its kind in the state, and  
known from Maine to California for the ex-  
cellence of its brands, closed down last even-  
ing for an indefinite time, at least until busi-  
ness resumes its normal way throughout the  
country. About forty hands are affected by  
this shutdown.

With the Cotton Mill at a standstill and all  
other manufacturing establishments employing  
about half their regular force and running on a  
slow bill at that, is an index of the business  
stagnation here at the present time. When  
Congress adjourns it is altogether likely that  
trade will live up.

Jackson, Ky., is in total darkness. Her electric light plant has again closed down, with little prospect of resuming. The pall of murder hangs over the town, and its chance to have a \$50,000 Government building has gone glimmering. Still there is great rejoicing over the death of Jim Hargis.

There are so many lessons to be drawn from the death of Jim Hargis that tomorrow thousands of Preachers will have the Hargis tragedy for their texts. It might be well to remind them, too, that Breathitt county is a local option county and that Beech Hargis was full of local option whisky when he murdered his father.

"Hurry-up" physics are usually dangerous

Physics that act quickly usually weaken the patient so much that he is left in a worse condition than before the drug was taken. Any physic that causes an unnatural bowel movement will so vitiate the intestinal muscles that they will not be able to properly perform their functions until another and stronger physic is taken. This is the danger which lies in the taking of laxative waters (which are made of salts), candied pellets and pills.

Dr. Caldwell's Syrup Pepsin

cannot be classed as a "Hurry Up" physic. It acts promptly but does so in the most natural manner. It contains considerable pepsin, the greatest of all stomach stimulants. This preparation gives great strength to the stomach, and makes it possible for the muscles which line the walls of the stomach, bowels and intestines to perform their functions without further aid or attention.

It is a pleasant remedy to take and is the most beneficial stomach preparation ever compounded.

All druggists sell Dr. Caldwell's Syrup Pepsin at 50c and \$1.00 a bottle.

NATURE'S WARNING.

Maysville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously. But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlements and sediment, Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes. Doan's have done great work in Maysville.

M. C. Chisholm, Constable in District No. 2, living at 343 East Second street, Maysville, Ky., says:

"Doan's Kidney Pills positively cured me of kidney trouble and I do not hesitate to give them my strongest recommendation. I had been troubled with too frequent action of the kidney secretions and it disturbed my rest nights. Having my attention called to Doan's Kidney Pills I procured them at J. Jas. Wood & Son's Drugstore, noticed an improvement in my condition from the first, and my trouble was soon entirely cured. This was some five years ago, and I have had no return of it since. Anyone suffering from difficulties arising from disordered kidneys can make no mistake by using Doan's Kidney Pills."

### THE HARGIS KILLING

World-Wide Publicity of Murder  
Which Caps Kentucky  
Fued Cases

The murder of Judge James Hargis by his son, Beech, at Jackson Thursday afternoon has aroused more interest than any tragedy occurring in Kentucky since the Goebel killing. The terrible end of the man who was backed by Governor Beckham in his assassination combine and freed by Beckham's "Special Judges" is remarkable and deserved.

The name of "Hargis" has left a stain upon Kentucky as indelible as the crimson gore which flowed in the county of Breathitt by the murderous edicts of Jim Hargis, the most powerful of all of Kentucky feudists.

Rich and firmly entrenched in his political power by the State Democratic Administration, the Hargises were the autocratic despots of the mountains. That this man whose bloody record is unmatched in Kentucky's history should horribly perish at the hands of his depraved and frenzied son is the bloodiest chapter in the whole Hargis history.

Standing in the same building from which he had witnessed the killing of James B. Marcum and James Cockrill and within seventy feet of the scenes of the assassinations of Marcum, Cockrill and Dr. B. D. Cox, all three of which murders he was charged with having procured, was James Hargis when shot down in his store. Not only was Judge Hargis killed so near to the spots where his three alleged victims met a similar fate, but his last words of "Oh, mercy" were the same as uttered by Marcum, Cockrill and Cox as they fell victims to the assassins' bullets, alleged to have been fired at the instance of the feud leader, whose life was snuffed out in the twinkling of an eye.

The death of Jim Hargis occurred at a time when he was practically out of all troubles in connection with the assassinations, and it was frequently said by him of late that he was glad to be rid of all connection with the murders, even though he had paid dearly for them from a monetary standpoint.

### CAREER OF DISSOLUTE SON

Beech Hargis is about twenty-two years of age. He has perhaps not been sober in the past three years.

Whisky dulled eyes detract from an already unattractive face.

He is unclean, uneducated and rarely, if ever, associated with cultured people.

For years he was accustomed to getting drunk and "shouting up the town."

He was dependent upon his father for living and his victim's money will perhaps provide expenses of his trial.

A late dispatch from Jackson says: At the Hargis home is grief, a widow and a mother weeping, doubly bereaved, and other homes saddened, but it is a truth almost tragic that in many hearts and homes is gladness and a feeling of distinct relief that death has stilled the pulse, paralyzed the brain and rendered helpless the hand of James Hargis.

The funeral of Judge Hargis will be held today in the old cemetery, where lay the bodies of Dr. Cox, James B. Marcum and Jim Cockrill.

## YOUNG MOTHERS

A mother who is in good physical condition transmits to her child the blessing of a good constitution; sickly, ailing mothers, the reverse.

The tiny babe brings to her a living responsibility. At such a time too great care cannot be taken to build up the mother's general constitution, and restore her feminine system to a healthy, normal condition. The greatest assistance that any woman can have in accomplishing this all-important work is

### LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. M. Gilmer, of West Union, S. C., writes to Mrs. Pinkham, Lynn, Mass.

"I was greatly run down in health, suffering from a weakness peculiar to my sex. I began to take Lydia E. Pinkham's Vegetable Compound, and I was not only restored to health but am the proud mother of a fine baby girl. I wish every sick and ailing woman would give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. Paul Oliver, of St. Martinville, La., writes to Mrs. Pinkham: "For years I suffered from the worst form of female troubles, and the doctor said I could not get well without an operation. Lydia E. Pinkham's Vegetable Compound restored me to perfect health, and I have the sweetest little baby girl. I will never cease to praise Lydia E. Pinkham's medicine."

### FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with the worst forms. Why don't you try it?

The readers of this paper will be pleased to learn that there is at least one graded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Special Pentecostal service Sunday morning at Sedden's Chapel by Rev. Davenport.

On yesterday the Society of Equity procured an order in the Mason Circuit Court restraining Nate Drake and D. L. Webster of Rectorville neighborhood from selling and disposing of Drake's crop of tobacco, consisting of about 1,000 pounds. Drake had pooled the tobacco with the Society, it is alleged, but was about to violate the terms of the contract by selling and delivering same. The Attorney for the Society of Equity states that he proposes to inaugurate vigorous prosecutions against anyone who violates a restraining order in these tobacco cases. No subterfuges will be tolerated.
